

CHAPTER: FINANCE
TITLE: PURCHASING POLICY

Purpose

The purpose of this policy is to establish the minimum requirements and procedures to be followed by Calhoun County Schools in the purchasing, receiving, safeguarding and disposal of goods and services obtained for use in its operations.

Introduction

- A. The overall objective of the purchasing function is to acquire the goods and services necessary to provide the essential services for which Calhoun County Schools is responsible.
- B. The Board is responsible for the purchasing, receiving, safeguarding, and disposing of all goods and services obtained for use by Calhoun County Schools. This authority is hereby delegated to the Superintendent or the Superintendent's designee.
- C. All procurement transactions must be conducted in a manner that provides full and open competition, consistent with the ethical standards specified in State and Federal statutes, WV State Board of Education Policy 8200, and all local practices and procedures.
- D. Procedures for the review of all proposed procurements shall be established to ensure that only necessary items are purchased.
- E. If written specifications are required, they shall be written in such a manner as to maximize and encourage competition.
- F. No board member, officer or employee shall participate in the selection, award, or administration of a contract or purchase order with a related party, or where a conflict of interest, real or apparent, exists.
- G. No board member, officer, or employee shall solicit or accept gratuities, favors, or anything of monetary value from contractors, vendors, or parties to any awards, agreements, or contracts. This prohibition does not apply to unsolicited gifts of nominal value, which is recognized by the West Virginia Ethics Commission to be a gift whose value is less than \$25.00 per year.
- H. Awards will be made only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.
- I. The Board will explore whether the goods and services being purchased are available from a statewide contract or a purchasing alliance, such as the Government Purchasing Alliance or the Southern Region Education Board, before going to the open market.

Purchase Responsibilities

A. Pursuant to W.Va. 11-8-26 no funds shall be expended or obligations incurred:

- 1. in an unauthorized manner;
- 2. for an unauthorized purpose;
- 3. in excess of the amount allocated to the fund in the levy order;
- 4. in excess of the funds available for current expenses.

- B. Pursuant to W.Va. Code 18-9B-10, the Calhoun County Board shall:
1. authorize the expenditure of funds and incur obligations only in accordance with the budget and the expenditure schedule;
 2. authorize transfers between items of appropriation only with the prior written approval of the State Board of Education.

Open Ended Contracts, Price Agreements, and Blanket Purchase Orders

- A. The County shall use open-ended contracts, price agreements, or blanket purchase orders to obtain commodities or services of a repetitive nature rather than issue a purchase order for each individual purchase.
- B. The Superintendent or the Superintendent's designee may solicit requirements for similar commodities and services to determine the best methods for acquisition.
- C. Open-ended contracts or price agreements shall be used only in situations where the commodity and price are known through a competitive bid process, but the quantity needed is not, such as food products used by child nutrition program.
- D. Blanket purchase orders shall be used in situations where there is normally a large volume of small dollar purchases of a repetitive nature and it is difficult to determine in advance exactly which products are needed, such as in facility or vehicle maintenance activities. Whenever practical, blanket purchase orders should be issued, with consideration of the bidding requirements, on a periodic basis throughout the year, such as on a monthly or quarterly basis, to maintain budgetary controls.

Purchases of Commodities and Services

- A. Commodities and services shall be purchased in accordance with the procedures specified in this policy.
- B. The competitive method used is determined by the threshold limits below. These limits are based on the best estimate of the Superintendent or the Superintendent's designee at the time the bid prices are solicited.
- C. The threshold level to be used shall be determined by the total estimated cost of the item being purchased, which is the unit cost multiplied by the quantity.
- D. The bid method selected will be considered to be the appropriate method unless the lowest bid received exceeds the maximum dollar threshold of the bidding method selected by ten percent (10%). If the lowest bid exceeds the threshold by more than ten percent (10%), the bid must be re-bid using bid requirements with a higher dollar threshold level.
- E. Purchases shall not be separated into a series of separate requisitions or purchase orders, for the purpose of circumventing the applicable threshold limits of these competitive bidding procedures.
- F. Commodities may only be purchased from a retail outlet that charges a membership fee, when it is determined to be in the best interest of the County. The membership fee shall be taken into consideration in determining the total estimated cost. Membership fees shall not be paid for individual employees to become members under any circumstances, nor shall a County's membership card be used by employees for personal purchases.
- G. Services may be procured without basing the selection of the vendor solely on price. The

cost can be negotiated without the use of competitive bids; however, Requests for Proposals shall be utilized whenever possible and the Calhoun County Board of Education shall cause to be established the procedures and criteria for evaluating the proposals received.

For projects estimated to cost less than \$250,000, the Superintendent or the Superintendent's designee shall conduct discussions with three (3) or more professional firms solicited on the basis of known or submitted qualifications for the assignment prior to the awarding of any contract. - B. For projects estimated to cost \$250,000 or more, the Board shall seek expressions of interest from architectural and engineering firms which shall include a statement of qualifications and performance data, and may include anticipated concepts and proposed methods or approach to the project. - D.  - 1. A lease purchase agreement extending beyond the fiscal year shall contain a non-binding cancellation clause where the contract can be terminated at the end of each fiscal year, at the County's discretion, without creating a present indebtedness for the aggregate of the installment payments.
 - 2. Any language in a lease purchase agreement that might require the County to give notice to the lessor or be liable for future payments before terminating the agreement at the end of a fiscal year shall be void.

Compliance With Federal Procurement Requirements

- A. Whenever procuring commodities and services with Federal grant proceeds, the County shall use the procurement procedures specified in this policy.

- G. A bidder may make a written change of a sealed bid before the bid opening. A bidder shall submit written changes to the Superintendent or designated purchasing director prior to the date and time of the bid opening. A bidder may submit changes by facsimile transmission.
- H. The Board may reject an erroneous bid after the bid opening if all of the following conditions exist: (1) an error was made; (2) the error materially affected the bid; (3) rejection of the bid would not cause a hardship on the County, other than losing an opportunity to receive commodities at a reduced cost; and (4) enforcement of the part of the bid in error would be unconscionable. In order for the Board to reject a bid, documented evidence shall be maintained that all of the conditions set forth in this subdivision exist.
- I. If there is a conflict between the extension price and the unit price, or other minor errors exist that are not sufficient to cause the bid to be rejected, the unit price prevails.
- J. A bidder may make a price adjustment on any purchase order if specific provisions for price adjustments have been incorporated in the RFQ and purchase order. A bidder shall make a request for price adjustment in accordance with the specific terms and conditions of the individual purchase order. In the event no provisions for price adjustment have been made, discretion to grant a price adjustment rests with the Board.

- B. The account shall be itemized in detail, and shall show, among other things, the following:
 - 1. If the claim is for services, the claim shall show the kind of services, the dates when the services were performed, and the name of the person performing the services.
 - 2. If the claim is for materials or supplies furnished, the claim shall show in detail the kind of material or supplies, the quantity, dates of delivery, and to whom delivered.

- E. The Board shall withhold payment in the final settlement of any contract, until the receipt of a certificate from the tax commissioner to the effect that all taxes against the contractor have been paid or provided for. A copy of the "Release of Final Settlement" (W.Va. Code 11-10-11(d))

Purchases by Schools

- A. All purchases by the schools are to be made in accordance with the procedures specified in State Board Policy 1224.1 and the incorporated manual entitled Accounting Procedures Manual for the Public Schools in the State of West Virginia and purchasing procedures set forth in this policy.

- C. The Board shall not distribute public funds to individual schools for expenditure. Funds may be allocated to each school, but the actual procurement transactions shall be handled through the County's central business office. Exceptions to this general rule are:

 - 3. the disbursement of funds to a school for the repetitive purchase of a specific item, such as postage, where it is impractical to handle the transaction in any other manner. Supplemental allocations by the County to the appropriated amount

provided to each teacher through the PSSP shall not to be distributed to the schools for expenditure. The latter two (2) exceptions are for small dollar amounts and shall not to be extended to the routine distribution of funds to all schools in the County on a formula or predetermined basis for the schools to determine how the funds are expended.

- D. All State or Federal grant funds received directly by an individual school are to be remitted immediately to the Board office. The funds are to be allotted to the school for expenditure for the purposes identified in the grant award, but the procurement transactions are to be handled through the County's central business office.

Safeguarding and Controlling of Assets
